What is Drawing God Day all About?

Last year many schools in the Diocese celebrated the first World Drawing God Day, based on the book, Drawing God, by Karen Kiefer.

In the book, a young girl Emma is inspired to draw something spectacular after a trip to an art museum and she decides to Draw God.

It takes a while for her classmates to see God in the images she produces!

World Drawing God Day

Teachers said the conversations children had about where they see God were powerful.

Many of the children's images ended up in a virtual art museum.
