CREATE YOUR OWN PALMS

Hosanna in the Highest

On Palm Sunday we are reminded that Jesus was treated like a king when he rode into Jerusalem on a donkey. People waved palms, laid them at his feet and sang his praise.

We normally bring palms to Mass to wave as part of the procession and to have them blessed to bring to our homes. You may be able to still do that but you may have to watch Mass online. Either way, we would encourage you to make your palms at home from natural materials, from art materials, from recycled materials-whatever you have at hand.

Place your palms on your front door.
