

Saint Theresa's PS, Glebe

We pray to God our Father to help the people suffering in the Ukraine right now.

For the children who have sadly had to leave their families, homes and pets behind in a hurry.

For the families and friends who have been separated because of duty and safety.

O great God of love and kindness,

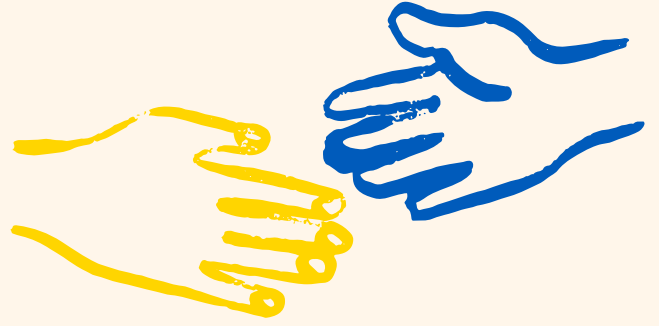

please watch over all the good people

who are trying their best to help the citizens of Ukraine,

from doctors to nurses, to people who are providing food and shelter.

Please give them strength and protection.

Amen.

Loreto Grammar School, Omagh

Dear God,

We ask you to be with all the people who are suffering in the crisis taking place in Ukraine;

For those who are injured, displaced or bereaved, we ask that you remain with them and give them hope in their darkness.

For those who have lost their lives, we ask that you grant them their eternal reward.

We pray that leaders will unite and help bring an immediate end to this and all wars throughout the world.

We assure the people of Ukraine of our solidarity and prayers both now and in the future.

Amen

Saint Mary's PS, Altinure

A Prayer for Ukraine

We pray to you God, in Heaven

With Mary, our Mother at your side.

We ask that you protect the people and children of Ukraine and give them safety and peace.

Give them shelter, food and water.

Above all, help them feel our support and your love in their hearts so that they may never be lonely or afraid.

Guide those in power with wisdom and strength to do the right thing and listen to Jesus in their heart.

We ask this through Jesus Christ, Our Lord, Amen.

Saint Joseph's Boys' School, Derry

Dear Father in Heaven,

Today we thank you for all the blessings which we have in our daily lives. However, we are coming to you in prayer and asking for your light to shine upon the people living in darkness. We remember especially the people of Ukraine.

Please give them hope and bring peace into their lives. Give them guidance so that they may trust in you. Do not let them despair. Give wisdom to all world leaders to always show love rather than hate and greed. Our brothers and sisters are suffering in this world and we feel their pain and anguish.

We ask you for protection.

We make this prayer through Christ, Our Lord Amen
